Business Report

Driven by the rapid advancement of artificial intelligence and the wave of automation, industries are undergoing transformation and the new economy continues to evolve, bringing forth limitless innovative applications and potential business opportunities. However, the development of the information and electronics industry has become highly concentrated in semiconductors and artificial intelligence applications, further exacerbating supply–demand imbalances in the consumer electronics sector. Over the past year, Quanta Storage has not only continued to maintain a solid financial foundation, but has also actively invested in new product development, the enhancement of manufacturing technologies, and the accelerated implementation of automation. Despite unfavorable factors such as significant supply chain disruptions and exchange rate volatility caused by U.S. tariff policies impacting the global economic environment, the Company was still able to sustain growth in both revenue and profitability.

The summary of the 2025 operational performance and 2026 operation prospects is as follows:

I. 2025 Operating Results and Plan

For operating and revenue, the company had a consolidated revenue of NT\$9,591,734 thousand, a 17.84% decreased compared to the NT\$8,139,668 thousand of 2024. Gross profit of 2025 was NT\$2,754,420 thousand, an decreased of 22.46% compared to last year. Earnings per share were NT\$3.61. The financial summary as follows:

Unit: NT\$ thousand; %

Account	2025	2024	Increase / decrease amount	Increase / decrease %
Operating revenue	9,591,734	8,139,668	1,452,066	17.84
Gross profit	2,754,420	2,249,331	505,089	22.46
Net income from operations	1,064,126	623,357	440,769	70.71
Current period net profit	1,034,897	669,369	365,528	54.61
EPS	3.61	2.33	1.28	54.94

Note: According to the CPA's audited consolidated financial statement.

		Unit: %	
Item		2025	2024
Financial structure	Ratio of liabilities to assets	25.26	31.83
	Ratio of long-term capital to property, plant and equipment	458.40	377.64
Debt service ability	Current ratio	276.36	224.71
	Quick ratio	252.63	202.39
Profitability	Assets return ratio	6.05	4.66
	Equity return ratio	8.29	6.86
	Net profit ratio	10.79	8.22

Note: According to the CPA's audited consolidated financial statement.

The company's ratio of liabilities to assets of these two years are 25.26% and 31.83%, respectively. Ratio of long-term capital to property, plant and equipment of these two years are 458.40% and 377.64%, respectively. As the ratio of long-term capital to property, plant and equipment is much higher than 100%, it shows that the long-term capital can fulfill the need of property, plant and equipment and the financial structure is solid. As for solvency, the quick ratio and current ratio being greater than 100% shows that the working capital can fulfill the need of current liabilities. In terms of profitability, both asset turnover, return on equity, and net profit margin are comparable to the previous year.

This operating performance was primarily attributable to the gradual recovery in end-market demand for consumer electronics products and automation solutions, which led to year-on-year growth in both revenue and profitability. Although financial markets experienced significant volatility due to U.S. tariff policies and ongoing geopolitical tensions worldwide, Quanta Storage was able to substantially mitigate the impact through its solid financial foundation and prudent hedging strategies. In addition, in response to evolving market conditions and industry trends in recent years, the Company has continued to optimize its product portfolio and invest in the development and application of new products to strengthen its overall competitiveness. As a result, Quanta Storage was able to sustain its profitability despite the challenging macroeconomic environment.

2026 Operating Prospects

The wave of artificial intelligence and automation is driving industrial transformation and the evolution of the new economy, creating extensive innovative applications and potential business opportunities. At the same time, international geopolitical tensions and U.S. tariff policies have also exerted pressure on the global economy. In response to heightened volatility in financial markets, Quanta Storage has continued to maintain a solid financial foundation, while actively investing in the development and application of new products, enhancing manufacturing technologies, and accelerating the implementation of automation to strengthen the Company's competitive position.

Looking ahead to 2026, the Company remains cautiously optimistic about the opportunities arising from industrial transformation and the new economy driven by the ongoing wave of artificial intelligence and automation. Building on its solid financial foundation, Quanta Storage will continue to actively invest in new product development and applications, further enhance manufacturing technologies, and accelerate the adoption of automation, with the aim of strengthening its competitiveness and pursuing opportunities for long-term, sustainable growth.

Independent Auditors' Report

To the Board of Directors of Quanta Storage Inc.:

Opinion

We have audited the financial statements of Quanta Storage Inc. ("the Company"), which comprise the balance sheet as of December 31, 2025 and 2024, the statement of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of material policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue Recognition

Please refer to Note (4)(o) for accounting policies of revenue recognition and refer to Note (6)(s) for explanation of significant accounts.

Description of the key audit matter:

Sales revenue derived from data storage and processing equipment, electronic components, and optical instruments is an indicator for investors and management to evaluate the financial statements or business performance. The existence of these sales transaction is significant for the financial statements. Therefore, the existence of these revenue has been identified as a key audit matter.

How the matter was addressed in our audit:

In relation to the key audit matter above, our key audit procedures include understanding and testing the design and implementation of internal control over revenue recognition; understanding the accounting policy of revenue recognition and confirming whether the accounting treatment is in line with the Accounting Standard regulations; selecting samples from the sales revenue records and verifying the corresponding purchase orders and shipping documentation, and to assess whether revenue was recognized in accordance with the agreed upon terms of the transactions.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investment in other entities accounted for using the equity method to express an opinion on this financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chen, Ying-Ju and Chen, Yi-Chun.

Independent Auditors' Report

To the Board of Directors of Quanta Storage Inc.:

Opinion

We have audited the consolidated financial statements of Quanta Storage Inc. and its subsidiaries (“the Group”), which comprise the consolidated balance sheet as of December 31, 2025 and 2024, the consolidated statement of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), Interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue Recognition

Please refer to Note (4)(o) for accounting policies of revenue recognition and refer to Note (6)(u) for explanation of significant accounts.

Description of the key audit matter:

Sales revenue derived from data storage and processing equipment, electronic components, optical instruments, and robotic arms is an indicator for investors and management to evaluate the financial statements or business performance. The existence of these sales transaction is significant for the financial statements. Therefore, the existence of these revenue has been identified as a key audit matter.

How the matter was addressed in our audit:

In relation to the key audit matter above, our key audit procedures include understanding and testing the design and implementation of internal control over revenue recognition; understanding the accounting policy of revenue recognition and confirming whether the accounting treatment is in line with the accounting standard regulations; selecting samples from the sales revenue records and verifying the corresponding purchase orders and shipping documentation, and to assess whether revenue was recognized in accordance with the agreed upon terms of the transactions.

Other Matter

Quanta Storage Inc. has prepared its parent-company-only financial statements as of and for the years ended December 31, 2025 and 2024 on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chen, Ying-Ju and Chen, Yi-Chun.

Appendix 6

Quanta Storage Inc.

Rules of Procedure for Shareholder Meetings

Amended on June 9, 2015

Article 1: Shareholders' meetings of the Company shall be conducted in accordance with these rules of procedure. Any matter not stated in these rules of procedure shall be handled in accordance with relevant laws and regulations.

Article 2: Shareholders and their proxies (collectively, "shareholders") shall attend shareholders' meeting based on attendance cards, sign-in cards, or other certificates of attendance. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The Company shall furnish the attending shareholder and their proxies (collectively, "shareholders") with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

Article 3: The attendance and voting are calculated on the basis of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in plus the number of shares whose voting rights are exercised by correspondence or electronically.

Article 4: The meeting shall be held at the premises of the Company or at any other appropriate place that is convenient for the shareholders to attend. The time to start the meeting shall not be earlier than 9:00 a.m. or later than 3:00 p.m.

Article 4-1: When the company convenes a shareholders' meeting, the company shall prepare a manual for shareholders' meeting proceedings and shall disclose such manual together with other information related to the said shareholders' meeting in a public notice to be published 15 days prior to the scheduled meeting date of that shareholders' meeting.

Time, method, content and compliance requirement of the notice stated in the previous paragraph shall be handled in accordance with the Regulations Governing Content and Compliance Requirements for Shareholders' Meeting Agenda Handbooks of Public Companies.

Article 4-2: A shareholder holding one percent or more of the total number of issued shares may submit to the company a written proposal for discussion at a regular shareholders meeting. The number of items so proposed, however, is limited to one only, and no proposal containing more than more item will be included in the meeting agenda. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. Prior to the date of issuance of the notice of a shareholders meeting, the company shall inform the shareholders who submitted proposals of the proposal screening results. In the handbook of the shareholders meeting, the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

If the proposal is accepted prior to the date of the shareholders' meeting, and the shareholder who made the proposal is absent from the meeting and did not request a proxy to deliver their opinion, the chair may set aside the proposal immediately and no further discussion and voting shall be carried out.

When shareholders make proposals as provided in Article 172-1 of the Company Act that are accepted into the agenda for the ordinary shareholders' meeting, if there are similar proposals, the chairperson may combine them and handle them in full compliance with Article 18 of these Rules.

Article 5: If the meeting is convened by the board of directors, the chairperson of the board of directors shall chair the meeting. If the chairperson of the board of directors is on leave or absent or for any reason cannot exercise their power and authority, the vice chairperson shall act on their behalf. In case there is no vice chairperson, or the vice chairperson is also on leave or absent or for any reason unable to exercise their power and authority, the chairperson of the board of directors shall designate one of the managing directors, or where there is no managing directors, one of the directors to act on their

behalf. In the absence of such a designation, the managing directors or the directors shall elect from among themselves an acting chairperson of the board of directors.

If the meeting is convened by a party with the power to convene other than the board of directors, the convening party shall chair the meeting.

Article 6: The company may appoint its attorneys, CPAs, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

Article 7: Audio or video recordings shall be made of the entire process of the meeting and these recordings shall be preserved for a least one year.

Article 8: The chairperson shall call the meeting to order at the appointed meeting time. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If after two postponements no quorum can yet be constituted but the shareholders present at the meeting represent more than one-third of the total outstanding shares, tentative resolutions may be made in accordance with paragraph 1 of Article 175 of the Company Act.

If during the process of the meeting the number of outstanding shares represented by the shareholders present becomes sufficient to constitute the quorum, the chairperson may submit the tentative resolutions to the meeting for approval in accordance with Article 174 of the Company Act.

Article 9: If the meeting is convened by the board of directors, the agenda of the meeting shall be set by the board of directors. Unless otherwise resolved at the meeting, the meeting shall proceed in accordance with the agenda.

The above provision applies mutatis mutandis to cases where the meeting is convened by any person, other than the board of directors, entitled to convene such meeting.

Unless otherwise resolved at the meeting, the chairperson cannot announce adjournment of the meeting before all the matters for discussion (including extemporaneous motions) listed in the agenda are resolved.

The shareholders cannot designate any other person as chairperson and continue the meeting in the same or a different place after the meeting is adjourned. However, in the event that the chairperson adjourns the meeting in violation of these rules of procedure, the shareholders may designate, by a majority of the votes represented by shareholders attending the meeting, one person as chairperson to continue the meeting.

Article 10: When a shareholder present at the meeting wishes to speak, a speech note should be filled out with a summary of the speech, the shareholder's number (or the number of attendance card) and the name of the shareholder. The sequence of speeches by shareholders should be decided by the chairperson.

If any shareholder present at the meeting submits a speech note but does not speak, the shareholder shall be deemed to not have spoken. In case the contents of the speech of a shareholder are inconsistent with the contents of the speech note, the contents of actual speech shall prevail.

Unless otherwise permitted by the chairperson and the shareholder speaking, no shareholder shall interrupt the speeches of the other shareholders; otherwise the chairperson shall stop such interruption.

Article 11: Except with the consent of the chairperson, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes, but it may be extended once for 3 minutes with the consent of the chairperson.

If the shareholder's speech violates the rules of previous paragraphs or exceeds the scope of the agenda item, the chairperson may terminate the speech.

Article 12: Any legal entity designated as proxy by a shareholder to present at the meeting may appoint only one representative to attend the meeting.

If two or more representatives of a corporate shareholder are designated to attend the meeting, only one representative can speak for each discussion item.

- Article 13: After an attending shareholder has spoken, the chair may respond or direct relevant personnel to respond.
- Article 14: When the chairperson deems that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed and call for a vote.
- Article 15: Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the company. The result of voting shall be announced at the meeting and records shall be maintained.
- Article 16: During the meeting, the chairperson may, at their discretion, announce a break.
- Article 17: Except as otherwise provided in the Company Act and the Articles of Incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, if no objections are made by the shareholders present after inquiry by the chairperson and no electronic votes are cast against a proposal, such proposal is deemed to be adopted with the same effect as if it had been adopted through a voting process.
- Article 18: If there is an amendment or alternative to one motion, the chairperson may combine the amendment or alternative into the original motion, and determine their order for resolution. If any one of the amended or alternative motions is resolved, the others shall be considered as rejected, upon which no further resolution shall be required.
- Article 19: The chairperson may conduct the disciplinary officers (or security guards) to assist in maintaining order at the meeting place. Such disciplinary officers (or security guards) shall wear armbands marked "Disciplinary Officers" for identification purposes. When a shareholder disturbs the order of a meeting and dissuading the shareholder has no effect, the chairperson may direct the disciplinary officers (or security guards) to escort the shareholder from the meeting.
- Article 20: Matters not stipulated herein shall be handled in accordance with the Company Act and other rules.
- Article 21: These rules of procedures shall be effective from the date they are approved by the Shareholders' Meeting. The same applies in case of revision.

Article 10-1 The Company may convene the shareholder's meeting by video or in other methods announced by the competent authority.

Article 11: A shareholder who for any reason cannot attend a shareholders' meeting may appoint a proxy to attend the meeting by delivering a proxy form printed by the company specifying the scope of authority in accordance with the Company Act and the "Regulations Governing Use of Proxies by Public Companies for Attendance at Shareholders Meeting" issued by the competent authority in charge of securities affairs.

Article 12: The chairperson of the board of directors shall chair the Shareholders' Meeting unless otherwise provided by the Company Act. If the chairperson of the board of directors is on leave or absent or for any reason cannot exercise their power and authority, the vice chairperson shall act on their behalf. In case there is no vice chairperson, or the vice chairperson is also on leave or absent or for any reason unable to exercise their power and authority, the chairperson of the board of directors shall designate one of the managing directors, or where there is no managing directors, one of the directors to act on their behalf. In the absence of such a designation, the managing directors or the directors shall elect from among themselves an acting chairperson of the board of directors.

The shareholders' meeting shall be held in accordance with the Company's Procedure for Shareholder Meetings.

Article 13: Each shareholder shall be entitled to one vote for each share owned, except for shareholders who under Article 179, paragraph 2 of the Company Act have no voting rights.

Article 14: Resolutions at a shareholders' meeting shall, unless otherwise provided for in Company Act, be adopted by a majority vote of the shareholders present, who represent more than one-half of the total number of voting shares.

When the Company convenes a shareholders' meeting, shareholders may exercise their voting right by way of electronic transmission; the method of exercising their voting right shall be described in the shareholders' meeting notice and handled in accordance with relevant laws and regulations.

A shareholder who exercises their voting right at a shareholders meeting by way of electronic transmission as set forth in the preceding paragraph shall be deemed to have attended the said shareholders' meeting in person. However, their rights with respect to extemporary motions and amendments to original proposals of that meeting are considered waived.

[Section IV] Directors

Article 15: The company will have seven to nine directors. The election of directors shall adopt a candidate nomination system, and the shareholders shall elect from among the nominees listed in the roster of directors candidates. The term of office of each director shall be three years. The directors are eligible for reelection after the expiry of their term of office.

The number of independent directors of the Company shall not be less than three and not less than one-fifth of the total number of directors. The election of independent directors and non-independent directors shall be carried out simultaneously and be counted separately.

The professional qualifications, restrictions on shareholding and concurrent positions held, assessment of independence, method of nomination and appointment, exercising duties and rights and other matters for compliance with respect to independent directors shall be handled in accordance with Securities and Exchange Act and relevant regulations.

With the resolution approved by the board of directors, the company may take out liability insurance for its directors. The total shareholdings of all Directors shall meet the requirement as separately specified by the competent authority in charge of securities affairs, if any.

Article 16: The board of directors shall be organized by the directors. The board of directors shall elect a chairperson of the board of directors from among the directors by majority vote at a meeting attended by over two-thirds of the directors, and may also elect in the same manner a vice chairperson of the board, if necessary for the business. The chairperson of the board of directors shall be the authorized representative of the company.

Article 17: Meetings of the board of directors shall be convened by the chairperson of the board of directors and shall be notified to each director seven days prior to the meeting date. In emergency circumstances, however, a meeting may be called on shorter notice.

Notification for the meetings of the board of directors of the previous paragraph may be communicated in writing, email or fax.

The chairperson of the board shall preside at all meetings of the board of directors. If the chairperson of the board of directors is on leave or absent or for any reason cannot exercise their power and authority, the vice chairperson shall act on their behalf. In case there is no vice chairperson, or the vice chairperson is also on leave or absent or for any reason unable to exercise their power and authority, the chairperson of the board of directors shall designate one of the managing directors, or where there is no managing directors, one of the directors to act on their behalf. In the absence of such a designation, the managing directors or the directors shall elect from among themselves an acting chairperson of the board of directors.

If a meeting of the board of directors takes place via videoconference, then the directors taking part in such a videoconference shall be deemed to have attended the meeting in person.

Where a director is unable to attend the meeting of the board of directors, they appoint another director to attend the meeting by proxy with a proxy form setting forth the scope of authorization.

Article 18: Unless otherwise provided by the Company Act, resolutions of the board of directors shall be adopted by a majority of the directors at a meeting attended by a majority of the directors.

Article 19: In compliance with Securities and Exchange Act, the Company shall establish an Audit Committee, which shall be composed of all the independent directors. The Committee shall not be fewer than three persons in number, one of whom shall be convener, and at least one of

whom shall have accounting or financial expertise.

Scope of responsibilities, organizational regulations and other compliance matters of the Company's Audit Committee shall be handled in accordance with relevant laws and regulations and the Articles of Incorporation.

Article 20: The board of directors may be compensated for their transportation or paid other allowance with the approval of the board of directors. The board of directors is authorized to determine the remuneration for directors based on the degree of their involvement in the Company's operations and the value of their contribution, after taking into account the prevailing rate in the industry.

[Section V] Managers

Article 21: The Company shall have several general managers and deputy general managers. The appointment, discharge and compensation shall be handled in accordance with Article 29 of the Company Act. The scope of managers' duties operating the Company and authority for signing documents shall be set by the board of directors.

[Section VI] Accounting

Article 22: The fiscal year of the Company starts on January 1 and ends on December 31. Account closure shall be undertaken at the end of fiscal year.

Article 23: At the end of the fiscal year, the Company's board of directors shall prepare and submit to the shareholders' meeting the following documents for ratification:

- I. Business report.
- II. Financial statements.
- III. Surplus earning distribution or loss off-setting proposals.

Article 24: Distribution of the dividends and bonuses shall be effected in proportion to the number of shares held by each shareholder accordingly. The Company shall not pay dividends or bonuses if there are no surplus earnings.

Article 25: If the Company has gained profit within a fiscal year, no less than 5% of the profit shall be reserved as the employees' compensation and no more than 3% shall be reserved as the directors' remuneration. However, if the Company still has accumulated losses, an amount shall first be reserved to cover the losses.

The amount of employee compensation mentioned above should allocate no less than 10% for distributing compensation to frontline employees. Employee's compensation as prescribed in the is distributed in the form of stocks or cash, the employees qualifying for such distribution may include employees of companies controlled by the Company or subsidiaries of the Company meeting certain specific requirements. However, distribution to employees of subordinate companies shall only be by way of new shares issued by the Company. The specific requirements shall be specified by the board of directors.

Distribution of employees' compensation and directors' remuneration shall be approved by the board of directors and reported to the shareholders.

Article 25-1: When allocating profit for each fiscal year, the Company shall pay tax in accordance with the law and cover accumulated losses of previous years. If there is still a surplus, the Company shall set aside 10% as legal reserve, until the accumulated legal capital reserve equals the total capital of the Company; then, after adding or removing from a special capital reserve depending on the necessity for the Company's operations or relevant laws, it will be accumulated as distributable surplus together with the accumulated undistributed surplus of previous fiscal years. The board of directors is in charge of making a proposal for the amount and method of distributing retained earning to the shareholders' meeting in accordance to the Company's dividend policy. However, the issuing of dividends in cash shall be approved by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors, and it shall be reported to the shareholders' meeting.

The cash dividend policy is established by board of directors on the basis of the Company's

operating and investment plan, capital expenditure budget and the internal and external business environment.

Article 25-2: The dividend policy of the Company is as follows:

The Company may consider factors such as finance, business and management for the amount of earnings to distribute. Distribution of retained earnings in cash dividends take precedence, and can also be distributed in stock dividends. The Company is currently in a phase steady growth. However in consideration of financial planning and capital need, the Company uses a remaining dividends policy. The retained earnings will first be reserved as capital, and the remaining earnings are distributed in the form of cash dividends, and the total cash dividends per year will not less than 50% of the total dividends allocated in the current year.

Article 25-3: The Company may, in accordance with Article 241 of the Company Act, issue part or all of the legal reserve and the capital reserve in proportion to the number of shares held by the original shareholders. It shall be approved by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors, and it shall be reported to the shareholders' meeting.

Article 25-4: In accordance with article 228-1 of the Company Act, the Company's surplus earnings distribution or loss off-setting proposal may be proposed at the close of each half fiscal year. Surplus earnings distributed in the form of cash shall be approved by a Board of Directors meeting.

Appendix 8

Quanta Storage Inc. Procedures for the Election of Directors

Amended on June 13, 2017

- Article 1 Except as otherwise provided by the Company Act or by the company's articles of incorporation, the elections of directors of the company shall be conducted in accordance with these procedures.
- Article 2 For the election of directors of the company, the name of the voting shareholders may be replaced by the attendance card numbers printed on the ballots. For the election of the directors of the company, unless the articles of incorporation specify otherwise, each share shall have voting rights in number equal to the directors to be elected, and may be cast for a single candidate or split among multiple candidates.
- Article 3 The election of the directors (including independent directors) of the company shall adopt the candidate nomination system, and shareholders shall elect directors from the candidate list according to the number of seats specified in the articles of incorporation. According to the results of the electronic voting machines and the ballots, those receiving votes representing the highest numbers of voting rights shall be elected sequentially, according to their respective numbers of votes. When two or more candidates receive the same number of votes, thus exceeding the number of seats specified, it shall be handled according to relevant regulations.
- Article 4 The independent directors and non-independent directors of the company shall be elected altogether according to relevant provisions of these procedures. In addition, the voting rights for the independent and non-independent director positions shall be calculated separately. Those receiving ballots representing the highest numbers of voting rights will be elected sequentially, according to their respective numbers of votes.
- Article 5 The board of directors shall prepare separate ballots according to the attendance numbers, and the number of voting rights associated with each ballot shall be specified on the ballots.
- Article 6 Before the election begins, the chair shall appoint several vote monitoring personnel and vote counting personnel to handle all relevant matters.
- Article 7 The ballot boxes shall be prepared by the board of directors and personally checked by the vote monitoring personnel before voting commences.
- Article 8 If a candidate is a shareholder, a voter must enter the candidate's account name and shareholder account number in the "Candidate" column of the ballot; for a non-shareholder, the voter shall enter the candidate's full name and identification card number (passport number). However, when the candidate is a governmental organization or juristic-person shareholder, their name shall be entered in the "Candidate" column on the ballot, or both the name of the governmental organization or juristic-person shareholder and the name of its representative may be entered. When there are a multiple number of representatives, the representatives' names shall be further indicated.
- Article 9 A ballot shall be deemed invalid under any of the following circumstances:
- I. Ballots specified in these procedures are not used.
 - II. A blank ballot is placed in the ballot box.

- III. The writing is unclear and indecipherable or has been altered.
- IV. The candidate whose name entered in the ballot is a shareholder, but the candidate's account name and shareholder account number do not conform with those given in the shareholders' roster, or the candidate whose name is entered in the ballot is a non-shareholder, and the verification indicates that the candidate's name and identification card number (passport number) are not in conformity.
- V. Other words or marks are entered in addition to the candidate's account name (name) or shareholder account number (identification card number, passport number) and the number of voting rights allotted.
- VI. The candidate's account name (name) or shareholder account number (identification card number, passport number) are not entered.
- VII. Two or more candidates are indicated on one single ballot.
- VIII. The total number of voting rights allotted exceeds the number of voting rights held by the voters.

Article 10 When the total number of votes distributed is less than the number of voting rights held by the voters, the reduced number of votes reduced shall be treated as abstention.

Article 11 The voting rights shall be calculated publicly on site after the end of the poll, and the results of the list of persons elected shall be announced by the chair on site.

Article 12 Any matters not specified in these procedures shall be handled in accordance with the Company Act, and/or the Securities and Exchange Act. Other relevant laws and the company's articles of incorporation shall also be used according to the instructions of the chair.

Article 13 These Procedures shall take effect after having been submitted to and approved by a shareholders' meeting. Subsequent amendments thereto shall be effected in the same manner.
